Printing date 15.11.2018 Version number 6 Revision: 15.11.2018 Trade name: Super Glue MVX Pen (Contd. of page 1) Silicone and Siloxane; reaction product with Siliciumdioxide 0 - 10% 0 - 10% Acrylic polymer · Dangerous components: CAS: 123-31-9 1,4-dihydrxybenzene <1% Acute Tox. 3, H311 🐼 Muta. 2, H341; Carc. 2, H351 EINECS: 204-617-8 Index number: 604-005-00-4 💑 Eye Dam. 1, H318 Reg.nr.: 01-2119524016-51 \lambda Aquatic Acute 1, H400 🔥 Acute Tox. 4, H302; Skin Sens. 1, H317 · Additional information: For the wording of the listed hazard phrases refer to section 16. **SECTION 4: First aid measures** 4.1 Description of first aid measures · General information: Immediately remove any clothing soiled by the product. · After inhalation: Supply fresh air; consult doctor in case of complaints. · After skin contact: Do not pull solidified product off the skin. Immediately wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor. Rinse opened eye for several minutes under running water. If symptoms persist, · After eye contact: consult a doctor. Protect unharmed eye. · After swallowing: Do not induce vomiting; call for medical help immediately. 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available. · 4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available. **SECTION 5: Firefighting measures** 5.1 Extinguishing media Suitable extinguishing agents: CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam. · For safety reasons unsuitable extinguishing agents: Water with full jet 5.2 Special hazards arising from the substance or mixture Carbon monoxide (CO) Nitrogen oxides (NOx) 5.3 Advice for firefighters · Protective equipment: Wear self-contained respiratory protective device. · Additional information Cool endangered receptacles with water spray. Dispose of fire debris and contaminated fire fighting water in accordance with official regulations. **SECTION 6: Accidental release measures** · 6.1 Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation Wear protective clothing. Particular danger of slipping on leaked/spilled product. Keep away from ignition sources. · 6.2 Environmental precautions: Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage

system.

Printing date 15.11.2018 Version number 6 Revision: 15.11.2018 Trade name: Super Glue MVX Pen (Contd. of page 2) Do not allow to enter sewers/ surface or ground water. · 6.3 Methods and material for containment and cleaning up: Allow to solidify. Pick up mechanically. Dispose of the material collected according to regulations. · 6.4 Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information. **SECTION 7: Handling and storage** · 7.1 Precautions for safe handling Use only in well ventilated areas. Store in cool, dry place in tightly closed receptacles. · Information about fire - and explosion protection: Keep ignition sources away - Do not smoke. · 7.2 Conditions for safe storage, including any incompatibilities Storage: · Requirements to be met by storerooms and receptacles: Store only in the original receptacle. · Information about storage in one common storage facility: Store away from water. Store away from foodstuffs. · Further information about storage conditions: Protect from frost. Protect from humidity and water. Keep container tightly sealed. · Storage class: 10 · 7.3 Specific end use(s) No further relevant information available. **SECTION 8: Exposure controls/personal protection** Additional information about design of technical facilities: No further data; see item 7. · 8.1 Control parameters · Ingredients with limit values that require monitoring at the workplace: 123-31-9 1,4-dihydrxybenzene WEL Long-term value: 0.5 mg/m³ · Additional information: The lists valid during the making were used as basis. 8.2 Exposure controls Personal protective equipment: General protective and hygienic The usual precautionary measures are to be adhered to when handling measures: chemicals. Keep away from foodstuffs, beverages and feed. Wash hands before breaks and at the end of work. Immediately remove all soiled and contaminated clothing Do not eat, drink, smoke or sniff while working. · Respiratory protection: Use suitable respiratory protective device in case of insufficient ventilation. Short term filter device: Filter A/P2 The glove material has to be impermeable and resistant to the product/ the · Protection of hands: substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation (Contd. on page 4)
