

## Technical Data Sheet

Page 1 of 1

<b>Properties:</b>	AKEMI® Good-Bye Stain is a ready-to-use, rapidly effective, slightly alkaline cleaning agent based on active chlorine compounds. The product is free of solvents.
<b>Application Area:</b>	AKEMI® Good-by Stain rapidly and thoroughly removes organic discolouring or stains caused by fruit- and vegetable juices, coffee, tea, red wine, tobacco, leaves or blossoms, berries, blood, hair dye, felt-tip pens etc. on mineral surfaces such as marble, granite, concrete ashlar, quartz, ceramics.
<b>Instructions for Use:</b>	<ol style="list-style-type: none"><li>1. Do not bring AKEMI® Good-Bye Stain into contact with the skin. Wear suitable protective gloves and glasses if necessary.</li><li>2. Do not allow contact with metals, wood, clothing or similar in order to avoid discolouring or bleaching. If in doubt, try on an inconspicuous area.</li><li>3. Remove deep staining mechanically.</li><li>4. Apply the product generously and undiluted with a brush, sponge, cloth or pipette.</li><li>5. Allow to react for 10 - 30 minutes – do not allow to dry.</li><li>6. Rinse with clear water and a brush afterwards.</li><li>7. If necessary, repeat the cleaning process and let the product work for a longer period of time.</li></ol>
<b>Special Notes:</b>	<ul style="list-style-type: none"><li>- The product originally has a yellow-green colouration. If stored incorrectly or overstored, the colouration may fade, indicating a limited efficiency.</li><li>- Do not mix with other cleaners, especially those containing acids.</li><li>- Do not allow contact with plants, otherwise rinse immediately with water.</li><li>- Do not refill used material into storing containers.</li><li>- Do not empty into drains.</li><li>- Protect from direct sunlight and heat.</li><li>- Emptied and cleaned containers can be given to synthetic material recycling.</li></ul>
<b>Technical Data:</b>	Colour: yellow-green, transparent Density: approx. 1.10 g/cm <sup>3</sup> pH value: approx. 11
<b>Storage:</b>	If stored in dry and cool condition (5-25°C/41-77°F) in its closed original container at least 12 months from production.
<b>Health &amp; Safety:</b>	Read Safety Data Sheet before handling or using this product.
<b>Important Notice:</b>	The above information is based on the latest stage of development and application technology. Due to a multiplicity of different influencing factors, this information – as well as other oral or written technical advises – must be considered as non-binding hints. The user is obliged in each particular case to conduct performance tests, including but not limited to trails of the product, in an inconspicuous area or fabrication of a sample piece.
